Summary of the Event	The Google Developer Groups (GDG) On Campus – GRIET organized an “Introduction to Google Developer Community” session on 8th September 2025 at the AIML Seminar Hall from 2:00 PM to 3:30 PM. The session aimed to introduce students to the Google Developer Community (GDG), its vision, objectives, and the opportunities it offers for technical growth. Participants were given an overview of GDG initiatives, technical domains (such as Web, Android, AI/ML, Cloud, etc.), community-driven learning, networking opportunities, and industry exposure. The event highlighted: ● The importance of collaborative learning and peer-to-peer knowledge sharing ● Opportunities to participate in workshops, hackathons, and technical events ● Benefits of being part of a global developer network ● Career development support through technical skill-building and mentorship The session was interactive, encouraging students to ask questions and actively engage with the GDG core team. Overall, the event successfully motivated students to become active members of the developer community and enhance their technical and professional skills.

IRG (in rupees) Deposited A/C no A/C name and date and other details (enclose proof-A/C statement)	~ ~ ~ ~ ~
---	--

Expenditure (in rupees) (Enclose proof-bills)	Rs.0/-
POs attained with this Event (number and description)	PO1 – Engineering Knowledge: Students gained awareness of modern technological domains such as AI/ML, Cloud Computing, Web Development, and Mobile Development. PO2 – Problem Analysis: Participants understood how developer communities help in solving real-world problems collaboratively. PO3 – Design/Development of Solutions: Exposure to hackathons and project-based learning encouraged students to develop innovative technical solutions. PO6 – The Engineer and Society: Students learned the importance of technology in addressing societal challenges through community initiatives. PO9 – Individual and Team Work: The session promoted teamwork, collaboration, and peer learning within technical communities. PO10 – Communication: Interactive discussions improved students' communication and networking skills.

Faculty Names & Designation	-				

Summary of the Event	The event was designed to foster creativity and problem-solving among participants. A problem statement was provided, and teams were encouraged to brainstorm innovative ideas addressing the challenge. With guidance and mentorship, participants worked collaboratively to design solutions and build functional prototypes within the given timeframe. The focus was on applying Google technologies and tools, promoting hands-on learning, teamwork, and innovation. The event concluded with presentations and demos of the prototypes, highlighting the creativity and technical skills of the participants.
---------------------------------	---

	The event aimed to boost creativity and problem-solving skills. Participants received a problem statement to ideate and prototype solutions. Teams worked collaboratively with mentorship to develop functional prototypes. Focus on hands-on learning using Google technologies. Concluded with presentations and demos showcasing innovation and technical skills.

Summary of the Event	The Institution of Engineers (India) (IEI), an NCVET Awarding Body,in collaboration with its Training Partner Engineering Staff College ofIndia (ESCI), launched the NSQF Level-6 Certification Programme in EV Battery Sustainability Engineer Qualification on 27thJanuary 2026 at ESCI, Hyderabad. As per the Principal's directions, students from various departments ofGRIET were nominated to attend the programme to create awareness about opportunities in EV technology, battery sustainability, and industry-oriented certification pathways. Students from EEE,AIML, DS/CSBS, ECE, CSE, MECH, and CIVIL actively participated. College transportation and lunch were arranged. The session provided useful insights into the certification structure,sustainability concepts, and career prospects in the EV sector.

POs attained with this Event (number and description)	PO1 – Engineering Knowledge Students gained foundational knowledge about EV battery systems and sustainability engineering through the NSQF certification framework. PO2 – Problem Analysis Students understood real-world sustainability challenges in EV batteries and the need for safe, efficient, and sustainable solutions. PO3 – Design / Development of Solutions The programme motivated students towards developing sustainable and industry-oriented solutions in EV battery lifecycle management. PO5 – Modern Tool Usage Students were introduced to industry-relevant certification and skill frameworks aligned with modern EV technologies. PO7 – Environment and Sustainability Students gained awareness about environmental responsibility and sustainable practices related to EV battery technologies. PO8 – Ethics Students understood the importance of safe handling, sustainability ethics, and responsible engineering in EV battery systems. PO9 – Individual and Team Work Students participated as interdisciplinary groups representing multiple departments, encouraging teamwork
---	--

and coordination.

PO10 – Communication

Students interacted with professionals and understood certification processes and career pathways through professional communication.

PO12 – Life-long Learning

Students were encouraged to pursue skill certifications and continuous learning aligned with industry requirements.

“TECHSPRINT HACKATHON” **EVENT SUMMARY REPORT**

Griet/Other Institutes/Organizational Address:	GRIET				
Department	All Departments	Professional Body		Institutional Body	
	A three-round hackathon designed for teams to ideate, innovate, and defend their revolutionary ideas before industry experts.				
Title / Theme of the Event Details of the Coordinator& Designation Event Dates/Days Details of the Speaker / Guest Organization Address:	“TechSprint Hackathon - SPARK, SURGE, FINALE” Dr. P Sanjeeva, Assoc. Prof, Department of AIML From To No. of Days 27/12/2025 18/01/2026 3 Pankaj Raj - A Google Developer Expert Android ,Firebase, AIML Pawar Sathyanarayana- Founder of VizMinds & Sunonalabs Data Analysis, Artificial Intelligence Jai Nayak-Co-Founded Talentid.app Web Development, Product management				
Participants (Teaching Faculty / NonTeaching Faculty / Students) Enclose participants list	No.of Faculty	No.of UG Students	No.of PG Students	No.of outside participants	Total Participants
	-	215	-	-	215

Faculty Names & Designation	-
--	---

Summary of the Event	This event empowered participants to build ideas from the ground up, transforming raw concepts into meaningful solutions. Through intense brainstorming, development, and refinement, young minds immersed themselves in their topics and worked relentlessly to bring their vision to life ensuring it was communicated exactly as imagined. Spanning every stage from ideation to final presentation, the event fostered hands-on experience, strengthened problem-solving skills, and significantly boosted participants' confidence.
-----------------------------	---

	The event fostered creativity and problem-solving through hands-on ideation and prototyping. Participants collaborated under mentorship, leveraging Google technologies to build functional solutions, and concluded by presenting their innovations through demos and pitches.
--	---

IRG (in rupees) Deposited A/C no A/C name and date and other details (enclose proof-A/C statement) Expenditure (in rupees) (Enclose proof-bills) POs attained with this Event (number and description)	~~~~~ ----- PO1 – Engineering Knowledge Participants applied fundamental engineering and technical knowledge to analyze the given problem statements and develop viable solutions. PO2 – Problem Analysis The event strengthened participants’ ability to identify, analyze, and break down real-world problems to arrive at effective solutions.
---	---

PO3 – Design / Development of Solutions

Teams designed and prototyped innovative solutions by translating ideas into functional models using appropriate tools and technologies.

PO5 – Modern Tool Usage

Participants gained hands-on experience by utilizing Google technologies and modern development tools for ideation, prototyping, and implementation.

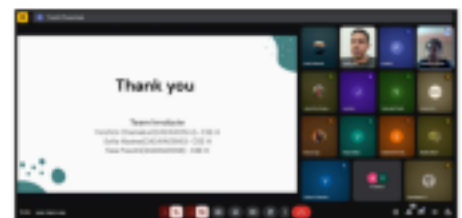

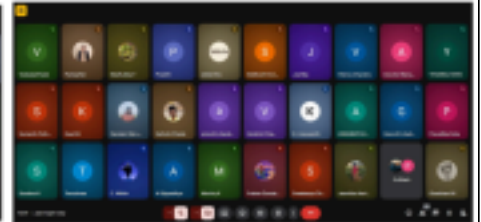

PO9 – Individual and Team Work

The hackathon encouraged effective teamwork, collaboration, and leadership while working in diverse groups under mentorship.

PO10 – Communication

Participants enhanced their communication skills through ideapitching, presentations, and live demonstrations of their prototypes.

“COSMOS” EVENT SUMMARY REPORT

Griet/Other Institutes/Organization Address:	GRIET		
Department	All Departments	Professional Body	Institutional Body
			GDGoC
Nature of the Event (Workshop / Seminar / Guest Lecture / Tech Talk/FDP/GD/ Training Program / Quiz / Presentation/Conference/ Industry Visit/Any Co & Extracurricular Activities)	A Technical Fest consisting of a Talkshow, Workshop and a competition based on a challenging problem statement.		
Title / Theme of the Event	“COSMOS 2K26”		
Details of the Coordinator& Designation	Dr. P Sanjeeva, Assoc. Prof, Dept of AIMLE		
Event Dates/Days	From	To	No. of Days
	25/03/2026	26/03/2026	2
Details of the Speaker / Guest Organization Address:	Ms. Sravanthi Naga - a Senior Engineering Manager at Pegasystems, specializing in DevSecOps, performance engineering, and cloud-native systems. Mr. Rishi Nikhilesh - a Multi-Cloud Solutions Architect and Software Engineering Manager at Motorola, with extensive experience in cloud and system architecture. Mr. Md. Yaseen Ali - a Software Developer at IBM ISDL and an alumnus, working in AI and modern full-stack development. Mr. Venkatraman B - a Campus Recruitment Trainer and Public Communication Coach, specializing in career readiness and leadership development. Mr. Avinash Hindupur - Co-founder of Idam AI and a Google Developer Expert for AI/ML with extensive experience in product, data, and machine learning. Mr. Sayan Mondal - a GenAI engineer working on Google’s Gemini Code Assist, with experience in scalable systems, RAG, and distributed infrastructure.		

Participants (Teaching Faculty / NonTeaching Faculty / Students)	No.of Faculty	No.of UG Students	No.of PG Students	No.of outside participants	Total Participants
Enclose participants list	-	100 students for workshop, 110 (35 teams) for the competition 122 for the talkshow	8	71 (workshop) 14 teams (competition) 78 (talkshow)	332
Faculty Names & Designation	-				
Summary of the Event	1. Talkshow: The Talk Show + Panel Discussion brings together industry leaders from top global companies like Google and IBM to explore the latest trends in Artificial Intelligence and emerging technologies. This interactive session offers valuable insights into real-world applications, career growth, and the future of tech, covering areas such as AI, cloud computing, and digital transformation. Participants will also get the chance to engage directly with experts through a live Q&A, making it a perfect platform to learn, connect, and get inspired. 2. Workshop: Hawkins Lab is a hands-on, beginner-friendly workshop designed to help participants build and deploy real AI-powered applications using modern tools like Antigravity IDE, Google Gemini, and Firebase. Through guided learning, attendees will gain practical experience in integrating AI features, authentication systems, file handling, and cloud deployment while working on a live project. With mentorship, goodies, certificates, and Google Cloud credits, this workshop offers a complete learning experience for aspiring developers. 3. Competition: Upside Down is an immersive, Stranger Things–inspired technical event that challenges participants through a series of gamified rounds focused on logic, coding, and problem-solving. Teams progress through puzzle-solving, hands-on technical tasks, and a final real-world challenge, with each round contributing to their overall score. Designed to be inclusive and engaging, the event ensures every team experiences the full journey while testing their creativity and teamwork in a thrilling competitive environment.				

IRG (in rupees) Deposited A/C no A/C name and date and other details (enclose proof-A/C statement)	~ ~ ~ ~ ~
Expenditure (in rupees) (Enclose proof-bills)	Rs. 1,07,898/-
POs attained with this Event (number and description)	a. Applied problem-solving, logical reasoning, and creativity through ideation, coding challenges, and real-world project development. b. Gained exposure to modern technologies including Artificial Intelligence, cloud computing, and Google tools through expert sessions and hands-on workshops. c. Developed practical technical skills in building, integrating, and deploying applications using contemporary development platforms. d. Enhanced teamwork, collaboration, leadership, and peer learning through interactive group activities and competitions. e. Strengthened communication, critical thinking, and industry awareness through engagement with professionals and panel discussions. f. Understood professional ethics, responsible use of technology, and the impact of digital transformation in real-world scenarios.
